

Written and composed by Adam and Jessica Kelly

Last night

Last night I saw her face
Crazy as can be
As we fell I undid her lace
Letting hearts run free
Then she sang in the wind
Sang we have sinned
So I cried in her ear the truth

Chorus:

None in this world could ever replace you
Round like a pearl is the love between you and me

Last night I saw her eyes
Wild like a storm
From her side came a child's cry
Bloody was the form
Then she sang precious gold
Sang I am cold
So I cried in her ear the truth

Last night I could hear no sound
From her lovely chest
In my fear I dug up the ground
Laid her there to rest
Then I sang through the air
Sang in despair
Then I cried to her grave the truth
